REGIONAL CODEX HACKATHON

INDONESIA

ONE DAY. BUILD SOMETHING REAL.

CALLING INDONESIA'S MOST AMBITIOUS BUILDERS!

Build solutions to real world challenges!

Building on the positive response we've seen across the region, we're **thrilled to bring the Sea × OpenAI Codex Hackathon to Indonesia** on 7 November. Over the course of the day, shortlisted teams will design, build, and ship a working product using Codex, then pitch it to a panel of judges. Teams are welcome to explore innovative ideas and develop AI-based products that address real-world challenges.

Solving Unmet Needs With AI

You can focus on one of these three development areas. Project must use Codex and may focus on a single theme or span across multiple pillars.

Autonomous & Adaptive AI

Build agents that can be trusted to get things done without constant human oversight.

AI-Native Products & Operations

Reimagine products and operations from the ground up, built AI first to genuinely serve people.

Deep Domain AI

Build AI with deep expertise to solve specialised, real-world problems.

TERMS & CONDITIONS

Terms & Conditions

By applying to and/or attending this event, participants agree to be bound by the following terms and conditions.

1. This hackathon is team-based with 3–4 members. Only one submission per team is accepted. The team lead submits for their entire team and lists all team members in the form. Team members don't need to submit individually.
2. Selected teams should be able to come in-person and attend all sessions on 7 November 2026.
3. All team members must attend every hackathon session to remain eligible. Teams with missing members may be disqualified from the competition or judging process.
4. All participants are expected to behave respectfully towards fellow participants, organizers, mentors, and judges. Harassment, discrimination, or any form of disruptive behavior will not be tolerated and may result in immediate removal from the event.
5. Organizers reserve the right to disqualify any team found to be: submitting plagiarized work; using a solution that was substantially built before the start of the hackathon; not present (in part or in full) on the event day without prior notice; or otherwise violating these terms and conditions.
6. All projects must be entirely conceived and built during the hackathon period. No prior work, existing codebases, designs, or solutions developed before the event start time may be used. Teams found to have started work in advance will be disqualified.
7. Organizers reserve the right to reschedule, modify, or cancel the event due to unforeseen circumstances. Participants will be notified of any changes as soon as possible.
8. Participants are responsible for their own personal belongings and equipment brought to the event. Organizers are not liable for any loss, theft, or damage.

social media, and other communications.

10. This Hackathon is entirely free of charge. No registration or entry fees are required.

Organizer reserves the right to amend, modify, or update these Terms and Conditions at any time without prior notice. Continued participation in the program following any such changes constitutes acceptance of the updated Terms and Conditions.

Venue's full address & access details will be shared to eligible applicants prior to the event date.
